****Uganda and Domestic only:** 4th post placement report is needed if child's age at the time of the placement was more than 18 months.

Mali only: one report per year is needed until the child turns 18 years old

Colombia only: First report for Colombia need to be written at 3 months upon the child coming home, and home visit that was made at 1 month will suffice

India only: Additional supervised reports may be required on case-by-case basis and family/child's adjustment

Family reports due quarterly for 2nd year home, and then semi-annually for an additional 3-5 years (depending on court order)

Illinois only: additional reports are needed quarterly until the finalization of the adoption

While the post placement requirement for a country does not change frequently, It is always possible that a State or sending country may change its laws and require additional social worker visits and reports in the future.
